AIR SIDE EQUIPMENT

- Air Handling Units (800 – 100,000+ cfm) • Condensers & Condensing Units (2-230 tons) • Chillers (5-365 tons)
- Rooftop Units (2-230 tons) • Outdoor Equipment rooms (Chillers, Boilers, & Pumps), • Modular Self-Contained Units (23 – 70 tons) • Residential Units (2 -5 tons) • Geothermal & WSHP Units (2 -70 tons) • Pool Dehumidification Units

- Chillers and Condensing Units • Water Source Heat Pumps • Herman Nelson Unit Ventilators • Modular Air Handlers
- Chillers- Water Cooled, Air Cooled- Screws, Scrolls- Dual Compressor- Centrifugal- Frictionless
- Unit Ventilators • Coils • Rooftop Air Handlers • Self Contained Units • Packaged Rooftop Units

- Automatic Building Pressurization • Air Turnover Heater • Indirect and Direct Fired Air Handlers • Low Intensity Infrared
- Unit Heaters • Duct Furnace

- VRV Variable Refrigerant Volume Systems • Modular Hi Rise Series – Sizes 300 – 2000 CFM • Unlimited building capacity available 1/2 ton to 300+tons • Ducted and ductless split systems • Air Cooled and water cooled DX systems • Inverter compressor technology • R410 a refrigerant • Residential and commercial applications • Intelligent controls

- Modular Hi Rise Series (300 – 2000 CFM) • Horizontal Series – Six Styles for Concealed or Exposed Ceiling Applications, Seven Sizes (200 – 1200 CFM), with and without return air plenums, High Static Units – (400-1000 CFM) • Modular Hi Rise Series (300 – 2000 CFM) • Vertical Series – Floor Mounted for Concealed or Exposed Applications (200-1200 CFM) Lowboy Units – (200-600CFM), Wall Recessed Units: STY/150CFM, STW/300 CFM • Hi-Performance Series – for concealed or enclosed applications, (600 – 2000) CFM, Horizontal and Vertical Configurations • Belt Drive Series – for Hydronic and DX applications, (600-4000) CFM, Horizontal and Vertical Configuration

- Geothermal Heat Pumps
- Water Source Heat Pumps
- Water to Water Units

- Active Chilled Beams
- Infuser
- Induction System Refurbishment

- Custom Air Handling Systems • Local Manufacturing • Modular Construction • Flexible Designs

- Next Generation Custom Engineered Air Handling Systems • Integrated, Flexible, Sheet Metal Manufacturing Process
- Indoor and Outdoor, 2" & 4" Construction • Green Electrostatic Painting Process • Thermal Break Construction with No-Thru Metal • Knock Down Construction Available

- Energy Management Systems • Complete Building Automation Systems • VAV, CAV & Zoning Systems (Orion)
- MUA & MUA II Controllers • WHP Control Systems

- Engineered Solutions for Moisture and Humidity Problems
- 100-30,000 CFM • MiniPAC 100-600 CFM • VFB Packaged Dehumidifiers 300-30,000 CFM

- Electronic Germicidal High Performance Air Filtration

- Variable Frequency Drives

WATER SIDE EQUIPMENT

- Modular Chillers, Heat Pump, Heat Recovery

- Indoor / Outdoor Copper Fin Boilers/Water Heaters • Boiler Controls (Modbus protocol)

Water Side Equipment (continued)

APEX™ Series
(Burnham Commercial)

- VariPrime Systems-Maximum Guaranteed Efficiency, Flow, td, and kw usage • Packaged Chilled Water and Condenser Systems • Custom HVAC Packages including Chiller, Boiler, Tower, Ice Storage, Pumps, Controls

- APEX™ Series Stainless Steel, Condensing, Gas Fired Commercial Boilers by Burnham Commercial
- Fully Modulating (5:1 turndown) • CPVC/PVC venting standard • Polypropylene condensate trap with float switch
- 95% thermal efficiency

- Cooling Towers • Closed Circuit Systems • Packaged Cooling Systems

- Inline Pumps – Close Coupled, Flex Coupled – Flows to 18,000 GPM • End Suction Pumps—Closed Coupled, Flex Coupled—Flows to 4,500 GPM • Split Case Pumps Vertical & Horizontal Flows to 18,000 GPM • Multi-Stage Pumps
- Submersible Pumps • Pump Systems—Condensate Systems, Boiler Feed Systems, Packaged Pump Systems
- Pump Specialties, Multi-Function Valves, Balance Valves

- Thompson Strainer • Full Flow & Side Stream for HVAC / Industrial Process / Agricultural • Helix 3 Dimensional Filter Technology • Turn-Key Filtration Solutions

- Gas Humidifiers • Electronic Steam Humidifiers • Control Valves / Electric Coils

- Automatic Balancing Valve • Hose Kits • Coil Piping Package • Strainers

MISCELLANEOUS

- ModBlock Media™ Silencers and Acoustical Panels • HVAC Silencers and Silencing Systems • Industrial Fan Silencers
- Stack Silencers • Specialty Air Handling Units • Acoustical Panels, Plenums, and Enclosures • Floating Floor Systems
- Vibration Isolation Systems • Seismic and Wind Restraint Systems

- Thermal Oxidizers • Regenerative Oxidizers • Scrubbers • Exhaust Stacks

- Cyclone and Cabinet Collectors • Oil Mist Collectors • Shaker Style Bag houses

- Specialty & Exotic Material Fans • High Heat Fans • Process Fans • Pressure Blowers • Material Handling
- Corrosion Resistant FRP • Plug Fans

- Dampers • Louvers • Access Panels • Access Doors • Ventilators

- Axial Flow • Propeller • Centrifugal

- Gas Detection Systems

- Flexible Fabric Duct

- Oil Mist Collectors • Welding Fume and Filtration Systems

- Data Room Units

- Wall Hung DX Heat Pumps and Air Conditioners • Air Cooled Vertical X Heat Pump and Air Conditioner
- Vertical Classroom Ventilator
